

CONFERENCE SPONSORSHIP: OFFER FOR SPONSORS

On behalf of the Organizing Committee of the XXXVIII International School of Hydraulics, we're honored to invite you to support our conference: XXXVIII International School of Hydraulics. We hope that the participation of representatives of companies in our conference will not only raise its attractiveness, but also affect significantly the value of substantive and practical dimension of the presented content. We're confident that this cooperation will translate into real interaction between scientists and companies. We're particularly interested in bringing science and practice together on regular basis, thanks to participation of business representatives and researchers. Our conference is held every 2 years, and it involves the most prominent experts from around the world. The participants are academics from leading Polish and foreign research centers and universities, as well as companies' representatives. Details on the conference topics, invited speakers and other information can be found on our dedicated website: http://sh2019.igf.edu.pl

We encourage you to become the main sponsor, regular sponsor, lunch/welcome or gala dinner sponsor, and/or to support scholarships for young scientists, as well as "Best Young Researchers Award Presentation" award.

In exchange for financial support (depending on its scope and individual arrangements) we can offer you, among other things:

- Placing logo and a link to the Sponsor's website on the Conference website (visible on the home page or any subpage);
- Placing the Sponsor's logo in information-promotional materials of the Conference;
- Placing a sponsored article/page in the conference publication in Springer series: "GeoPlanet: Earth and Planetary Sciences" or on the conference website;
- Distribution of advertising materials provided by Sponsor along conference sets for the participants of the conference;
- The delivery of presentation or lecture to the participants of the conference (time to be agreed), provided the prior approval of the presentation;
- Exposure of Sponsor banner in the zone: registration of the conference participants/ conference room;
- Advertising in e-mails sent to participants/potential participants;
- Possibility to organize workshops for participants;
- Sponsor stands near the entrance to the conference room or the registration area;
- Social media campaign (Facebook, Google+, Twitter) publishing information about Sponsor;
- Free participation of a representative or representatives of the company in the conference;
- Ability to conduct a survey among the participants of the conference;
- Placing additional advertisement in agreed locations;
- Information on the sponsorship of main/additional "Best Young Researchers Award Presentation" award or scholarships (if included in sponsorship);
- Possibility to display Sponsor's logo in between lectures;
- Presentation of the company during the grand opening
